

Zone 2

Phragmites Spraying

- About 650 acres of phragmites sprayed
- Worked with cities in Davis and Morgan County
- Partnered with FFSL & DWR

Bag of Woad

- A total of 693 bags were handed out and 537 came back full of Dyer's Woad
- Worked with Morgan County, local FFA, and other partners to host a great event

Virtual Fencing

Summit Conservation District: Hoop Lake Area

- Focus: Managing grazing strategies in the remote Uinta Mountains for increased forage capacity for livestock and wildlife.

Kamas Conservation District: Kamas Valley

- Focus: Managing cattle near riparian areas to maintain clean waterways.

Weber Conservation District: Ogden Valley

- Focus: Enhancing cattle grazing productivity while protecting the land and water quality.
